Fellow Cattlemen, Cattlewomen, Friends and Neighbors,

A big hello and welcome from our outfit to yours. We would like to invite you to our 13th annual production sale on December 8th. Your commitment to our program over the last thirteen years is very humbling and truly keeps us charging forward. Also a huge thank you to everyone that helps us throughout the year.

We are very proud and excited to offer what we feel is the best group to date, which includes sons from our resident herd sires as well as from exciting new A.I. sires. Some highlights are the seventeen ET sons by our proven donor cows. Again, this year we will be offering a fancy set of bred heifers. Forty from our program and 50 from long time consignor and customer, Curry Cattle Company. This year we are offering free wintering on the bulls. As always, the cattle sell fully guaranteed. We stand behind them 110%. Our program and management practices enable the bulls to grow and develop slowly. Only the best of the best are selected from the top 50% of the calf crop going through eight sorts.

With the ongoing drought that we have been experiencing in our area, the weaning weights of the bulls are down. Not to mention the below zero temps and nearly five feet of snow in two storms shortly before we weaned. We DO NOT CREEP the calves. Our cows are run in a real, unpampered environment right alongside our commercial cows. I've always said that if a registered cow is going to be the role model for a commercial cow, she needs to be treated like one.

Thank you for your interest and continued support. We look forward to seeing you sale day. If you can't make it and have questions or would just like to visit, we would love to hear from you.

Klint, Lori, Austin, and Bree Swanson

Strategy was our top selling selection from the Pyramid Beef sale in South Dakota. He was a standout Resource ET son from the best cow family on their ranch. His 10 yr old dam and 13 yr. old granddam were both serving as donors. He is a big rib eyed, expressively muscled bull with more front extension than his sire. His progeny are moderate, long, thick and gentle. His first daughters have a nice look to them and are doing great.

EXPLANATION OF CALVING EASE SCORE DISPOSITION AND FOOT SCORES

We pay very close attention to the foot quality of our herd and only use a bull that we feel will improve the hoof structure. We focus on breeding an Angus cow that will stand the test of time in our extreme Northern Montana climate. Foot Quality has been severely over-looked in the chase for bigger numbers. No animal here is trimmed except for our horses. If there ever is a foot problem with a bull purchased from us, we make it right. Any bulls that showed signs of poor hoof structure have been culled.

BULL DEVELOPMENT AT SHIPWHEEL CATTLE CO.

Prior to calving, our cows are expected to graze winter pasture with only SweetPro blocks, usually well into February before seeing any hay. Our cows are range calved in April and May while only being checked twice a day. The pairs summer primarily in some of our higher, rougher pastures with the calves never seeing any creep feed. A full round of shots are given at our June/July brandings as well as preconditioning in September/October. The calves are then fence line weaned in early November on our hay meadows and SweetPro blocks. After grazing for 30 days, the bulls are then hauled into our grow yard, where they remain until May. While in the grow yard, a 2.5 to 3 lb. gain is targeted with a roughage based diet. We are constantly evaluating them and enjoy watching them slowly progress into structurally sound breeding bulls. The bulls are then hauled to summer pasture where they are expected to travel and thrive in rough terrain. In September, the bulls are brought back into the grow yard and fed a similar diet to post weaning. The bulls are broke to horses, dogs and a hot wire.

A huge thank you goes out to Ron Amidon for the countless hours spent on our rations. His knowledge and experience is very valuable to our program. Also thanks to R&G Feeds, Malta MT.

The first of 5 flush brothers that we are very excited to offer. The flush sisters have a tremendous broody look to them. They are the kind that we strive to produce and will thrive in our extreme northern climate. The kind that will thrive anywhere. 0678 is a big, thick, user-friendly bull that stands on good feet.

Dam was our main donor for a few years after she proved herself worthy and is back in production at age 11. She bred back first cycle A.I. Many of her sons are working in registered herds across the country and we are looking forward to the impact her daughters will have in the future.

These flush brothers offer a real opportunity to get in on "proven" genetics that seem to be a rarity these days. This is our sixth consecutive year to offer sons of Resource. Don't be afraid to double up on Resource genetics, we've done it with great success. Full ET brother to lots 2,20,21,64.

LOTS 56 AND 57 - EMBRYO BROTHERS

- A couple real solid ET brothers with a nice blend of performance and proven maternal greatness.
- Dam was a true matriarch of her time, as were the cows prior to her. Trying our best to keep these genetics at the forefront of our program.
- Maternal brothers were top sellers in 2020 to Frank Thompson and Scott Knudsen, MT.
- 10 maternal brothers sell.

IDEAL 3614 OF 9524 BLCKBRD

We purchased 3614 in 2014 from Jorgensen Land and Cattle. He has proven himself as a great breeding bull over the years for us. He serviced cows for many years in rough country with 10-15 other bulls. We decided to use him as clean up on registered cows the last couple years. Pictured here at 8 years old.

BRED HEIFERS

Curry Cattle Company Bred Heifers

Jeremy states that this is the best, most even set of heifers from top to bottom that they have raised. They summered in steep country and are very, very gentle and easy to handle.

The heifers won't be present at the sale this year. They will only be on video. Curry's are offering the buyer a gate cut of 30 out of 65 and then sort down to 25.

Real Deal was the top selling bull at the 2021 Duff Angus sale that we were fortunate enough to buy part of. Real Deal perfectly emulates his name, he is a striking individual with abundant muscle, rib shape and style all his own. His sire, 4 Real, reliably stamps his quality in every mating. Real Deals dam is ultra-feminine, eye appealing, fertile and productive.

Owned with Pine Coulee Angus and Thistledeew Farm. Look for his sons in 2023.
