Fellow Cattlemen, Cattlewomen and Friends

A big hello and welcome go out to everyone and thank you for taking the time to evaluate our program.

Each time I sit down to write this welcome letter, I can't help but reminisce on years and sales gone by. Many memories come to mind, but the most important are from the people that supported us down this trail and the cherished friendships we have made.

We are proud and excited to offer sons of our resident herd sires as well as some exciting new sire groups. Many highlights are also from a large group of ET bulls out of our proven donor cows. The female side of things features a fancy group of home raised bred heifers as well as the dandy set of bred heifers consigned again from Curry Cattle Company Valier, MT. With our registered cowherd ever growing, we have made the decision to slowly disperse our Miller/Jorgensen herd, starting with the coming 3-year-olds. They are all home raised, one iron and will make a super set of cows. And again, this year we are offering the entire group of coming 10 year old cows.

As the growth numbers get higher and higher every year there is a slight shift occurring to more terminal type cattle. Using these kind of genetics is fine if you have endless amounts of feed or are sending all your calves to the feedlot. We throw caution to you if you are retaining or looking to purchase replacement heifers. If you are new to our program, you will see throughout this catalog that longevity and maternal greatness is our focus. It takes great cows to raise great bulls. We haven't ever chased the latest fad or used the extreme big number bulls. We strive to produce cattle that excel in the "cowman" world and just flat last a long time doing it. Those are the kind that will keep you profitable and the black angus cow great.

Lori, I and the kids are very proud to be in this business and are looking forward to our best years in generations to come. We work hard everyday of the year for our cowherd, as the cowherd does in return. Even amid our worst days, we try not to take for granted how fortunate we are to be raising kids and cows out here on God's beautiful creation.

Thank you for your interest and continued support. We look forward to seeing you sale day. If you can't make it and have any questions or would just like to visit, we would love to hear from you.

Klint, Lori, Austin & Bree Swanson

LIVE ON THE INTERNET

See page 35 for details

Trucking:

Free Delivery on bulls up to 1000 miles on purchases totaling \$5,000 or more. Delivery beyond, at cost. Delivery arrangement will be made on females at buyers expense. \$50 discount per bull if picked up within 1 week.

Volume Discount:

2% on 2 bulls, 5% on 5 up to 10% on 10 bulls.

First Year Breeding Guarantee:

We offer a first breeding season guarantee for any injury that would keep a bull from breeding. If a problem occurs, we will give you a suitable replacement or you will receive full credit, minus the salvage value of the original bull. Insurance is also available. See page 35.

Sight Unseen Buying:

If you are unable to attend the sale, and would like to purchase, please give us a call. We will be glad to help you with your order. We guarantee 100% satisfaction on all orders.

Herd Health:

Our herd health, semen, scrotal evaluation and ultrasound pregnancy testing is performed by Chinook Vet Clinic; Dr. Bob Schmitt, DVM and Dr. Lane Schmitt, DVM. All bulls selling that Shipwheel has used for natural service have tested negative for trichomoniasis. Every bull has tested negative for BVD.

Wintering:

Wintering arrangements are available for \$300 per head until April 1, 2021.

Retained Interest:

Shipwheel Cattle Co. is retaining one-third (1/3) revenue sharing semen interest in every bull selling.

Terms & Conditions:

All cattle sell under the standard terms and conditions of the American Angus Association. Announcements sale day will take precedence over info in the catalog. Payment must be made day of sale, unless other prior arrangements are made.

Liability:

All persons who attend the sale do so at their own risk, Shipwheel Cattle Co assumes no liability, legal or otherwise, for any accidents which may occur.

5621 was our top selling bull in 2016. His first 21 calves averaged 93 BR, 103 WR & 103 YR. He is the most dominant all-around sire we have had the opportunity to raise and use in our lifetime of breeding cattle. Calving ease with growth and phenotypic standouts on moderate frames. As well as excellent muscle shape, length of body, with good feet and structure and great dispositions. We will be weaning his first daughters' calves soon and they look great. 5621 is backed by our best cow family, recognized for their superior udders, moderate size and superior longevity. 5621 has been used on many heifer A.I. projects with great results.

Owned with Griffin Land & Livestock, MT. Semen Available.

Strategy was our top selling selection from the Pyramid Beef sale in South Dakota. He was a standout Resource ET son from the best cow family on their ranch. His 10 yr. old dam and 13 yr. old grand-dam were both serving as donors. He is a big rib eyed, expressively muscled bull with more front extension than his sire. His progeny are moderate, long, thick and gentle. His first daughters have a nice look to them and are doing great.

Owned with Frederickson Ranch, SD. Semen Available.

Monument was a standout and one of the top selling bulls in the 2018 Lindskov-Thiel Bull Sale. Stacked with maternal excellence and performance in a moderate frame with excellent feet. His calves have good length and good disposition.

EXPLANATION OF CALVING EASE SCORE DISPOSITION AND FOOT SCORES

We pay very close attention to the foot quality of our herd and only use a bull that we feel will improve the hoof structure. We focus on breeding an Angus cow that will stand the test of time in our extreme Northern Montana climate. Foot Quality has been severely over-looked in the chase for bigger numbers. No animal here is trimmed except for our horses. If there ever is a foot problem with a bull purchased from us, we make it right. Any bulls that showed signs of poor hoof structure have been culled.

DISPOSITION AND FOOT SCORES:

The scoring for the disposition and foot scores are based on a 1-5 rating. 1 being the very worst and 5 being the very best.

BULL DEVELOPMENT AT SHIPWHEEL CATTLE CO.

Prior to calving, our cows are expected to graze winter pasture with only SweetPro blocks, usually well into February before seeing any hay. Our cows are range calved in April and May while only being checked twice a day. The pairs summer primarily in some of our higher, rougher pastures with the calves never seeing any creep feed. A full round of shots are given at our June/July brandings as well as preconditioning in September/October. The calves are then fence line weaned in early November on our hay meadows and SweetPro blocks. After grazing for 30 days, the bulls are then hauled into our grow yard, where they remain until May. While in the grow yard, a 2.5 to 3 lb. gain is targeted with a roughage based diet. We are constantly evaluating them and enjoy watching them slowly progress into structurally sound breeding bulls. The bulls are then hauled to summer pasture where they are expected to travel and thrive in rough terrain. In September, the bulls are brought back into the grow yard and fed a similar diet to post weaning. The bulls are broke to horses, dogs and a hot wire. *A huge thank you goes out to Ron Amidon for the countless hours spent on our rations. His knowledge and experience is very valuable to our program. Also thanks to R&G Feeds, Malta MT.*

Shipwheel Resource 5621 - Sire

- A bull that has had our attention from the get go. We admire his up headed, gentle, herd bull presence as well as good muscle shape on a long frame and excellent feet. We have used him for natural service and would like to use him in the future. We feel that Essential is exactly that in his potential to keep the black angus cow great.
- Dam is a stylish, beautiful uddered first calf heifer that bred back with twins. She reads poorly on her individual MGD Ratios due to her mother dying unexpectedly and orphaning her at one month old. We kept her knowing the genetic potential was there and Lot 1 is the result.
- Essential is double bred to our highly regarded Eriskay cow family. Known for superior udder quality and tremendous longevity. Apex Eriskay 5506 raised Shipwheel Resource 5621 and Shipwheel Chinook, who are two of the most influential bulls to come from our program. 5506 traces from our foundation donor cow, Eriskay of Apex 9004, who raised 16 calves and passed on just before her 20th birthday.
- 4th maternal dam, Dr J Miss Rolls Royce F17, was our main donor cow for several years after raising 12 calves @106WR. She is also the dam of Lots 43, 44, 81 & 82 in this sale.

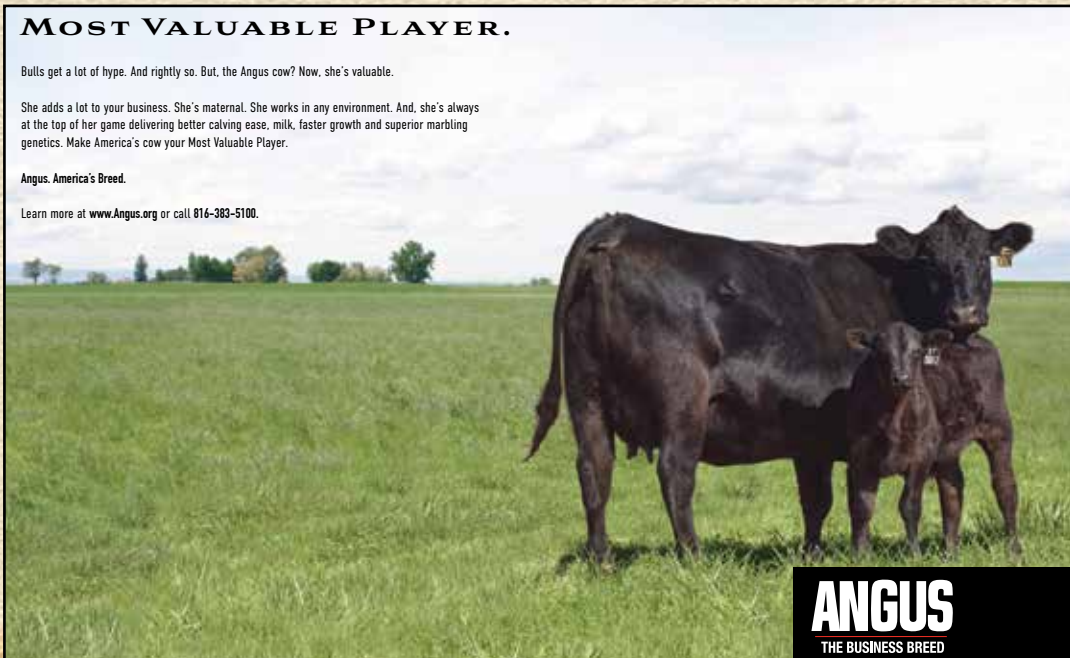

MOST VALUABLE PLAYER.

Bulls get a lot of hype. And rightly so. But, the Angus cow? Now, she's valuable.

She adds a lot to your business. She's maternal. She works in any environment. And, she's always at the top of her game delivering better calving ease, milk, faster growth and superior marbling genetics. Make America's cow your Most Valuable Player.

Angus. America's Breed.

- A good rascal here. Very similar to Lot 21 and traces from a superb cow family.
- Dam is truly one of the prettiest young cows we have raised and she earned pathfinder status last fall. We picked our top 9 cows to flush this year and 519 was one of them.
- Pathfinder Donor 3rd dam is the mother to Lots 43, 44, 81 & 82.

Shipwheel Pinetop 519 - Dam of Lot 22

- A dandy muscled up Torque son from the esteemed Eriskay's. He's gentle and stands on an excellent foot.
- Dam is a good looking, easy fleshing young cow on her way to pathfinder. She raised a dandy selling to Clinton Cox, MT in 2019.
- Pathfinder, Donor granddam raised top sellers in previous sale to Schwenke Ranch, MT and Griffin Land and Livestock, MT.

 Disposition Score: 3.5 Hind Foot Score: 4

- Boat loads of maternal behind this good Torque son. He was orphaned late summer when we lost his mother unexpectedly.
- Dam was one of our very best cows that we were planning on flushing this year.
- Granddam is the mother to Shipwheel Chinook and Shipwheel Resource 5621.

- Calving Ease Score: 1** **Front Foot Score: 4.5**
Disposition Score: 4 **Hind Foot Score: 4.5**
- A good, long-sided, gentle Strategy. A maternal brother was a top seller to Jeremy Curry, MT in 2019.
 - Dam is a little bigger, long bodied, excellent uddered Keystone daughter with impressive production records.

You will notice several bulls selling with a little more birthweight. It is our belief that too much emphasis has been put on low birthweight in Angus cattle. In doing so, thickness, do ability and survivability have been sacrificed. Don't be afraid to incorporate more birth into your cowherd in order to regain these important traits. Mature cow size has increased over the years enabling her to handle heavier calves at birth. Which is 7% of her body weight.

- Sure shot heifer bull here. Many generations of calving ease cows in his pedigree.
- Dam is a feminine, good uddered consistent producer.

LOTS 80 AND 81 EMBRYO BROTHERS

- These 2 ET brothers are very similar in their type. Their mother is one of the very best cows to ever reside here, raising 12 calves @ 106 WR and then being held open and flushed for several years after that. Don't let the EPD's fool you. These old proven cows that have worked their butt off, don't get near enough credit.
- Lot 80 & 81 will sire heavy bull calves and leave replacement females that will help to "Keep Black Cow's Great." Boat loads of maternal greatness and longevity on both sides of their pedigree. Both were used for natural service on heifers including bred heifers selling in this sale. Seriously thought about just keeping them for ourselves.

- A good, moderate bull that puts plenty of emphasis on maternal. Keep his daughters as replacements. He was born a twin to a heifer. Dam is a pretty, wedge shaped, excellent uddered, first calf heifer that bred back first cycle A.I. after having twins.
- Pathfinder Donor is one of our most elite cows and the dam of Lots 43, 44, 80 & 81.

- A good looking, moderate younger bull with an excellent foot.
- Dam is an excellent uddered, easy fleshing cow backed by maternal power.
- Donor granddam is the mother to Shipwheel Montana.
- Donor 3rd dam.

- A nice calving ease Armour with as much maternal as we can put in one.
- Dam is currently 12 and still going strong. She is super long fronted, gentle, has a nice udder and is on the short list to be flushed. A son was a top seller to C Bar Angus, MT in 2019 as well as many powerful daughters retained in the herd.
- Pathfinder Donor Granddam produced well up into her teens.
- 3rd dam was our most influential cow ever. Raising 16 calves and living to nearly 20.

Dr J - October 2020

- Mostly every bull in this last pen trace back to the best cows to ever reside here, including this good Strategy. He did have a 105 BW but his genomic reads as a heifer bull, so he should land somewhere in between.
- Dam is an elegant cow with a dandy udder and production record.
- Donor granddam is the mother to Lots 43, 44, 80 & 81.

SHIPWHEEL CATTLE COMPANY CARRIED LIVE ON THE INTERNET

Bid through Northern Livestock Video Auction's NEW Online Bidding Platform!
Desktop and Mobile Friendly

For the Desktop:

1. It is best to use the Google Chrome web browser.
2. **Pre-Register at least one day prior to the sale.**
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

For the Mobile:

Use your mobile device to download the Northern App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

Phone Bidding:

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

To register with NLVA call 866-616-5035 Before Sale Day.

View the Online CATALOG and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com.

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Northern Livestock's Sale Day Bid Line: **1-406-245-0889.**

WHY WE TEST WITH HD50K FROM ZOETIS

Powered by HD50K from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying HD50K and i50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail. You can also match the HD50K tested sires you buy from us to calves and replacement heifers — through GeneMax® Advantage™ and GeneMax® Focus™— to make better breeding and management decisions down the road.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with HD50K.

Number of progeny records in conventional genetic evaluation needed to achieve the same accuracy as GE-EPDs for non-parents with HD50K and i50K™ in the Angus Single-Step genetic evaluation
