Klint & Lori Swanson

2265 Gooseberry Lane, Chinook, Montana 59523

(406) 357-2492 • (406) 357-2298 fax

Email: [shipwheelcattle@itstriangle.com](mailto:shipwheelcattle@itstriangle.com) • [www.ShipwheelCattle.com](http://www.ShipwheelCattle.com)

Hello and Welcome to our 9th annual production sale. Wow, where does the time go. It doesn't feel like 9 years have passed since the inception of Shipwheel Cattle Company. A huge thank you goes out to our valued customers and friends for all of the support you have given us over the last 9 years. Our family looks forward to serving you into the future. Many exciting things are happening within our program which are enabling us to give you the service and quality that you deserve.

We are very proud of this set of bulls. The quality runs deep from start to finish with nearly 20 embryos' throughout. Impressive sons again from Resource, Chisum 255, Montana and Dr. J. Some exciting new sire groups are from Keystone, Signature 4541, Packer 3505, Soo Line Motive, Vision Unanimous and TC Forthright 340. Another sale attraction this year is fancy bred heifers. See page 8 for details.

*Austin, Lori, Bree & Klint Swanson*

Every bull selling was bred, born, and raised on our outfit. We develop them slowly at home, constantly evaluating. If there is a stumble somewhere along the line, we see it. This better allows us to only offer the top 50% of the calf crop. Our goal is to provide you with bulls that keep you profitable. If for whatever reason they don't, we want to know about it and make it right. We require our cattle to be balanced and excel at every trait in our extreme Northern Climate. Hoof structure, longevity, udder quality, fertility, mothering ability, temperament and carcass traits are important to us. Having the privilege to serve as your seedstock provider is not taken lightly here. We know that these genetics will impact your operation for many generations. Again this year, we have tested every bull for the i50K genomic and parentage verification. i50K is one of the latest tools available today. Larry Gran from Zoetis will be on hand sale day to answer any questions you may have. Thanks again for your support and consideration. Hope to see you sale day.

Klint, Lori, Austin & Bree Swanson

 Havre City-County Airport..... 1-800-499-7450  
 Located 3 miles west of Havre with a lighted 5000 foot runway.  
 Also Cape Air service to and from Billings, MT 6 days a week.

### Trucking:

Free Delivery on bulls up to 1000 miles on purchases totaling \$3,500 or more. Delivery beyond, at cost. Delivery arrangement will be made on females at buyers expense. \$100 discount per bull if picked up within 1 week.

### Volume Discount:

2% on 2 bulls, 5% on 5 up to 10% on 10 bulls.

### First Year Breeding Guarantee:

We offer a first breeding season guarantee for any injury that would keep a bull from breeding. If a problem occurs, we will give you a suitable replacement or you will receive full credit, minus the salvage value of the original bull. Insurance is also available. See page 3.

### Sight Unseen Buying:

If you are unable to attend the sale, and would like to purchase, please give us a call. We will be glad to help you with your order. We guarantee 100% satisfaction on all orders.

### Herd Health:

Our herd health, semen, scrotal evaluation and ultrasound pregnancy testing is performed by Chinook Vet Clinic; Dr. Bob Schmitt, DVM. All bulls selling that Shipwheel has used for natural service have tested negative for trichomoniasis. Every bull has tested negative for BVD.

### Wintering:

Wintering arrangements are available for \$250 per head until April 1, 2018.

### Retained Interest:

Shipwheel Cattle Co. is retaining one-third (1/3) revenue sharing semen interest in every bull selling.

### Terms & Conditions:

All cattle sell under the standard terms and conditions of the American Angus Association. Announcements sale day will take precedence over info in the catalog. Payment must be made day of sale, unless other prior arrangements are made.

### Liability:

All persons who attend the sale do so at their own risk, Shipwheel Cattle Co assumes no liability, legal or otherwise, for any accidents which may occur.

Please bring this sale book with you sale day!

SHIPWHEEL CATTLE COMPANY CARRIED LIVE ON THE INTERNET

[www.cattleusa.com](http://www.cattleusa.com)

ATTENTION ALL INTERNET & PHONE BUYERS

All Internet and phone buyers must be pre-registered with Northern Livestock Video Auction and have a buyer number to bid on the phone.

To register with NLVA call 866-616-5035 BEFORE SALE DAY.

View the online CATALOG and VIDEO CLIP of each BULL selling at [billpelton.com](http://billpelton.com) and [www.shipwheelcattle.com](http://www.shipwheelcattle.com).

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

## SHIPWHEEL CATTLE COMPANY BULL SALE CATTLEUSA.com LIVE CATTLE AUCTIONS

1. Go to [www.CattleUSA.com](http://www.CattleUSA.com).
2. First time users must register as a viewer.
3. In the 'Live Auctions' tab select **SHIPWHEEL CATTLE COMPANY BULL SALE** to register as a buyer (only if you wish to buy) and click the 'Submit' button.

5. After you have been approved as a buyer you will receive a confirmation email. On sale day, log in and click the green 'View' button for our sale. You will have the bid console available to place your online bids. Click the 'Bid Now' button to place a bid.
6. The bid received by the auctioneer will be the amount showing in the 'Price' box in the bid console.

High speed internet required for viewing & bidding. Questions call 307-684-0789

# WHY WE TEST WITH i50K FROM ZOETIS

Powered by i50K™ from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying i50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail. You can also match the i50K tested sires you buy from us to match calves and replacement heifers — through GeneMax® Advantage™ and GeneMax® Focus™ — to make better breeding and management decisions down the road.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with i50K.

Number of progeny records in conventional genetic evaluation needed to achieve the same accuracy as GE-EPDs powered by i50K

Trait	Progeny Equivalents
Heifer Pregnancy (HP)	14
Calving Ease Direct (CED)	28
Birth Weight (BW)	21
Milk	33
Docility (Doc)	10

255 was the high selling bull from Spickler's in North Dakota in 2013. He is an attractive, excellent footed, expressively muscled, herd sire that has proven himself to be an outstanding breeding bull. 255 sires a little less frame and more calving ease than the old Chisum bull. The dam of 255 is an excellent uddered Chinook daughter that descends from a long line of productive cows. The females from 255 are outstanding.

Owned with J.C. Heiken & Sons Angus, MT, Spickler Ranch, ND.

We selected Keystone as the \$18,000-second-high selling bull from Myers Angus Farm at the Boyd Beef Cattle Bull Sale in KY. Keystone combines calving ease, growth, and carcass traits all with a moderate Milk and high Scrotal Circumference EPD's. This son of Connealy Capitalist has the potential to make excellent females combining maternal greats Hoover Dam and Hyline Right Time 338 on the bottom side of his pedigree. His dam, Myers Queen M180, is deep ribbed and easy fleshing with a near picture perfect udder. Keystone exhibits near flawless phenotype and has exceptional feet and leg structure.

Owned with Myers Angus Farm, KY.

“Dr. J” is a man amongst boys when it comes to herd bulls. Few sires can match the amount of muscle that Dr. J carries and still have the ability to travel. He stands on excellent feet, is very gentle and clean fronted. “Dr. J” has proven himself to be an extremely intelligent breeding bull. He services approximately 50 cows between here and 3-B ranch every year.

*Owned with 3-B ranch and Black Pine Farm. Semen Available.*

4541 was the top selling bull in our 2015 production sale. He was truly a standout at every point as a young bull and continues to be. This gentle, excellent footed bull is loaded with muscle expression and style. His excellent uddered dam raised him as her first calf. He has proven to be a very aggressive breeding bull. We are very pleased with 4541's first group of bulls and anxiously await to see his first daughters calve.

This Resource son was a very impressive individual that we decided to sample after seeing him as a yearling. His pedigree has loads of maternal power and his progeny are sound with nice length of body.

## BULL DEVELOPMENT AT SHIPWHEEL CATTLE CO.

Prior to calving, our cows are expected to graze winter pasture with only SweetPro blocks, usually well into February before seeing any hay. Our cows are range calved in April and May while only being checked twice a day. The pairs summer primarily in some of our higher, rougher pastures with the calves never seeing any creep feed. A full round of shots are given at our June/July brandings as well as preconditioning in September/October. The calves are then fence line weaned in early November on our hay meadows and SweetPro blocks. After grazing for 30 days, the bulls are then hauled into our grow yard, where they remain until May. While in the grow yard, a 2.5 to 3 lb. gain is targeted with a roughage based diet consisting of grass/alfalfa hay, silage, a mix of oats, peas, corn and a customized vitamin mineral pack. We are constantly evaluating them and enjoy watching them slowly progress into structurally sound breeding bulls. The bulls are then hauled to summer pasture where they are expected to travel and thrive in rough terrain. In September, the bulls are brought back into the grow yard and fed a similar diet to post weaning. The manner in which we develop our bulls enables them to express their genetics.

The bulls are broke to horses, dogs and a hot wire.  
*A huge thank you goes out to Ron Amidon for the countless hours spent on our rations. His knowledge and experience is very valuable to our program.*

# COMMERCIAL HEIFER CONSIGNMENTS

## **Curry Cattle Company - Valier, MT** 50 A.I. bred heifers & 50 natural bred heifers.

This fancy set of bred heifers come from Curry Cattle Company out of Valier MT. The Curry family runs one of the premier herds of commercial black angus in Montana. The quality runs deep in these heifers as the result of many years of selecting top end bulls from reputable seed stock producers in Montana. 50 of the heifers were ultra-sounded safe to Myers Keystone M263 due March 1st. 50 of the heifers were ultra-sounded to be naturally bred to top end calving ease bulls, due March 20th into mid-April. The heifers will weigh 1000 to 1050 lbs. They have had Preg-Guard 10, Guardian and Back poured.

## **Baltrusch Angus Ranch** 20 A.I. bred heifers.

Nathan Baltrusch is an up and coming angus breeder from Havre, MT. The breeding behind these heifers is heavily influenced by 15 bred heifers and a bull that Nathan purchased from Shipwheel in 2011. The bull was Shipwheel Upward 0560 a direct son of Apex Eriskay 5506 who is the dam of Shipwheel Chinook. Loads of maternal are bred into these fancy heifers that are all A.I. bred and due March 3 to Myers Keystone M263. Calf sex info will be available sale day. They have had Virasheild 6+VL5, Multimin and backpour. Approximate weight of 1000 pounds.

Reg: +18756337 • Calved: 03/27/16

- Recommended for large framed heifers or cows.
- 6 Impressive flush brothers by Resource. These guys are the kind we strive to raise. Average frame, deep bodied and loaded with muscle. They are wide based, stand on good feet and are very gentle. We continue to use Resource heavily in our program.
- Flush brothers sell in lots 2, 32, 33, 58, 59.
- Dam is the one of the most productive cows to ever reside here. She is fertile and gentle with a nice udder and good feet. We never flush a cow until she is at least 5 years old.

## SHIPWHEEL RESOURCE 6507

Reg: +18756348 • Calved: 03/25/16

- Recommended for large framed heifers or cows.
- Big nutted, gentle, thick, and sound. We really admire the way Resource stamps his calves. Look for many more in years to come.
- Flush brothers sell as lots 1, 2, 32, 33, 58.

 Shipwheel Eola 874

BW	205 WT	WR	YR	Dam WR	Dam YR	Scrotal
70	580	90	96	1/90	1/96	37.5

- Recommended for cows.
- The 255 sons are consistently good footed, moderate, and full of muscle much like this good bull.
- Dam is a pretty, first calf heifer with an excellent udder.

74	610	94	91	1/94	1/91	39.5

- Recommended for heifers or cows.
- A long strided, muscled up 255 with a good top and quarter.
- Dam is a very nice first calf heifer that is a product of our embryo program. She bred back A.I. with a 255 heifer calf.
- Granddam is 13 years old and has been very influential to our herd.

Annie Branger of Annie O Photos came into our lives a few years back to take some family pictures. Upon meeting this beautiful ranch mama, we knew she was a perfect fit as photographer at our operation. She is passionate behind that camera of hers! More than a thousand words come from her photos of Ranching, Livestock, Family, Scenery and just knowing the western way of life and capturing it perfectly. Nearly every photo in this catalog is credit to Annie. Look her up on [annieophotos.com](http://annieophotos.com), on Facebook or on her Blog.

- Another good cow bull that lost his mom unexpectedly early on and was grafted. He too was ratioed as his own contemporary.

- Concho is 15.1H nicely started young ranch gelding. He has seen all types of terrain, gathering, sorting, and lightly started roping in the branding pen and pasture. He's starting to watch a cow and should make a family horse in another couple of years.

"SweetPro has a **great line of products** that help the cattleman achieve more on less input and **unbeatable customer service** to top it off."

•5621 was the \$25,000 high selling bull in our 2016 sale to Griffin Land & Cattle, MT. He is super sound, moderate framed and thick made. His pathfinder donor dam is also known as the mother to the Spickler and ABS sire, Shipwheel Chinook. The Eriskay cow family is our foundation. They are known for perfect udders, moderate frames and producing well into their teens. 5621 was used heavily in our program on both heifers and cows. We anxiously await his calves.
